FINISHES

At Crown Hardware, we recognize that finishes are not just protective layers—they define the durability, performance, and appearance of every product.

Zinc Plating

Provides a smooth, bright finish. Standard rust protection suitable for indoor applications. Cost-effective with reliable performance.

Hot Dip Galvanising

Heavy-duty coating for superior corrosion resistance. Best suited for outdoor and industrial environments. Offers longer service life in harsh conditions.

Brass Plating

Decorative and functional finish with a warm golden look. Resistant to tarnishing and light corrosion. Ideal for interior or specialty hardware applications.

Electro Plating

We use high-quality electroplating processes that ensure uniform coating, strong corrosion resistance, and long-lasting finishes and consistent color, durability.

METALS

At Crown Hardware, we carefully select metals that deliver the perfect balance of strength, durability, and finish quality.

These metals allow us to manufacture products that are functional, reliable, and aesthetically appealing, while also ensuring compliance with retail - grade performance standards.

Steel – Strong, versatile, and ideal for heavy-duty applications.

Stainless Steel – Corrosion-resistant and long-lasting, perfect for indoor and outdoor use.

Zinc Alloy – Durable, malleable, and excellent for precision hardware.

Aluminium – Lightweight, rust-resistant, and suitable for decorative and functional uses.

Solid Brass – Premium finish with natural resistance to tarnish, offering both beauty and durability.

PACKAGING

At Crown Hardware, we understand that packaging is as important as the product itself. Our packaging solutions are designed to meet the needs of modern retail, combining protection, convenience, and strong brand presence. From cost-effective bulk supply to retail-ready packs, we offer complete flexibility to match customer and store requirements.

Labelled Simple and efficient identification with branded labels, ensuring easy recognition and retail compliance.

Poly Bagged Clear poly bags with branding inserts, ideal for smaller items and cost-effective packaging needs.

Gravity Feed Box Boxes designed for countertop placement, ensuring continuous visibility and impulse sales.

Bulk Boxed Large-volume packaging suited for contractors and industrial supply, offering efficient storage and transport.

Retail Card Packed Strong card-based packs that highlight branding, perfect for organized pegboard displays in retail stores.

Blister Packed Durable and tamper-resistant packaging with clear visibility of the product, enhancing both security and shelf appeal.
